

The Core Values of Oasis

Teamwork

It takes a team to achieve great things. At Oasis, we are one team, an honest bunch of passionate people, trying to make good decisions one step at a time. We strive to create an environment where people are comfortable being themselves and work together to learn, develop, and have fun at what we do.

Excellence

We are manufacturing and product development leaders, a legacy born from the highest engineering standards. Being world-class isn't easy, it requires continuous development of ourselves and our processes. We are proud to deliver high quality and choose long term success by setting high standards and sticking to them.

Service

A sense of duty is what drives us to build a better, cleaner future and have a lasting impact on the world around us. We aim to always give the best of ourselves to help others achieve success and feel a sense of achievement through doing so. Sometimes, it can be as simple as making someone else smile.

Respect

Every individual has their own experiences, perspectives, and challenges. We recognise this and treat everyone as equals with professionalism and sincerity. There is no such thing as a bad idea, no such thing as a silly question. We celebrate the success of our team, our suppliers, our customers, and their customers.
