This Declaration of Conformity is issued under the sole responsibility of Oasis Engineering Ltd. Oasis Engineering Ltd declares that the valves listed have have been manufactured, inspected, assembled and tested according to the production quality management certificate.

**Manufacturer:**

Oasis Engineering (2003) Ltd.  
129 Birch Ave,  
Tauranga, New Zealand 3110

**Product Description:**

Manual and actuated ball valves for compressed gases.

Product part numbers shall start with the following:

**BV902, BV903, BV904, BV906, BV908**

**TH404, TH902, TH903, TH904**

**TM904, TM906, TM908**

Product specification and instruction information shall be observed and can be found at [www.oasisngv.com](http://www.oasisngv.com) or by using the QR codes below:

900 series TPED  
ball valves

400 series TPED  
cylinder valve

900 series TPED  
cylinder valve

900 series TPED trailer  
load/unload manifold

**Conformity assessment:**

Certificate - No. TPEDB000000J  
Expires: 22/05/2028

Certificate - No. TPEDD0000004  
Expires: 14/12/2025

**Notified Body:**

DNV AS  
Identification No. 0575  
Høvik, Norway

**Products standards:**

ISO 23826:2021 Gas cylinders - Ball Valves - Specification and testing.
