Manufacturer:

Oasis Engineering (2003) Ltd.
129 Birch Ave,
Tauranga, New Zealand 3110

Product Description:

Manual and actuated ball valves for compressed gases.
Product part numbers shall start with the following:
BV404, BV902, BV903, BV904, BV906, BV908
TH404, TH902, TH903, TH904
TM904, TM906, TM908
Product specification and instruction information shall be observed and can be found at www.oasisngv.com or by using the QR codes below:

400 series TPED ball valve	900 series TPED ball valve	400 series TPED cylinder valve	900 seriesTPED cylinder valve	900 series TPED trailer load/unload manifold

Conformity assessment:

Certificate - No. TPEDB000000J
Expires: 22/05/2028

Certificate - No. TPEDD0000004
Expires: 17/02/2029

Notified Body:

DNV AS
Identification No. 0575
Høvik, Norway

Products standards:

ISO 23826:2021 Gas cylinders - Ball Valves - Specification and testing.

City & Date: TAURANGA 20/02/2025
